

# ***DON'T SLEEP ON THE BORDERS BILL***

## **TEMPLATE SCRIPT**

*Thank you for deciding to use your platform to help raise awareness about the Borders Bill. We have put together the below template which we hope you find useful. If you'd like to go into more detail about the Bill check out our library of resources [here](#). If you have any questions or would like to invite a member of the BID team to speak email [elisa@biduk.org](mailto:elisa@biduk.org).*

Today we are taking part in Bail for Immigration Detainees campaign #RingTheAlarm to raise awareness about the Nationality & Borders Bill which is currently winding its way through parliament.

The Bill is inhumane and toxic and when combined with other incoming legislation such as the Policing Bill paints a damning picture of the future of this country that must be resisted.

If passed the Bill will criminalise refugees, erode the meagre rights of those subject to immigration control & sow further division into UK society.

The government believes their anti-refugee bill is a vote-winner but we need to show them that the public cares about human rights and will not stand for people who have made the UK their home becoming second class citizens.

It took me just a couple of minutes to email my MP with BID's online tool. As a member of the public, this is one of the most influential things you can do right now so do head over to [www.biduk.org/RTA](http://www.biduk.org/RTA) where you can find a template and also a library of resources to get clued up and spread the word about the bill.
