

# THE GREEN, MALAHIDE

murray & associates  
landscape architecture

The Green in Malahide is a key part of the green infrastructure of Malahide Village. It occupies a place between the busy Village Centre and the Sea. The plan for The Green seeks to reaffirm its place as a centre within the village, and introduces historical 'markers' which hint and suggest the historical uses of this particular space.

The plan for The Green proposes a central space subtly divided into three parts:

- The Town Plaza is a paved open space and can be used for various cultural and commercial events.
- The Green Lawn central area serves as a protected and shady space surrounded by the undulating lawns and existing and proposed trees.
- The Seaview Esplanade is a space for escape, for sitting and appreciating the view.

**LOCATION :** Malahide, Co. Dublin

**DESIGN TEAM :**

**APPROX. AREA :** 0.8 hectares

Landscape Architect: Murray & Associates

**YEAR :** 2016-2020

**CLIENT :** Parks Division,  
Fingal County Council
