

THE ACADEMY OF **URBANISM**

Help us support people and organisations to
deliver and sustain great towns and cities

space place life

A cross-sector community

The Academy of Urbanism is a politically independent, not-for-profit organisation that brings together both the current and next generation of urban leaders, thinkers and practitioners.

“The Academy is a driving force for bringing together everyone concerned and engaged with spaces and places.”

Prof Rachel Cooper OBE AoU
Distinguished Professor of Design
Management and Policy, Lancaster
University

To inspire and inform better places

Our mission is to understand, promote and celebrate what makes great places and to apply these lessons to the improvement of towns and cities across Europe and beyond.

“The influential work of the Academy – up and down the country – is something I have seen as critical to bolstering the importance of urbanism.”

Sir Terry Farrell CBE AoU
Farrells

Through an active programme of learning

Members attend and co-organise a programme of activities: from seminars to study visits, Urbanism Awards assessment visits and the international Annual Congress.

"The Academy's Young Urbanist network is a fantastic bringing together of young people who are all passionate about cities."

Rosie Haslem
Director, Streetsense
