

Urbanism Awards 2023 nomination: Venn Street, Clapham

Great Street category

The supporting statement for Venn Street's nomination is quoted in full below.

"Venn Street is what could be described as a 'typically great street' - a place of activity, greenery, complimentary landscaping, balance, Sunday markets...and of course, traffic restrictions! All nicely tucked away off the hustle and bustle of Clapham high Street. The history of Venn Street stems back to 2011 and was one of TfL's first schemes considered as part of their Design Review Panel. Looking back over time through Google, you can see just how much the street has evolved as a place > traffic."
