

# Qualifications and membership

The Regulated Qualifications Framework (RQF) is a national standard for managing qualifications, regulated by Ofqual, to help people understand how qualifications compare in terms of size and level.

Below is a qualifications map to enable you to map your current qualifications into our membership structure.

RQF LEVELS	QUALIFICATION	MEMBERSHIP LEVEL	DESIGNATORY LETTERS
RQF L4-5	1 <sup>st</sup> and 2 <sup>nd</sup> year Bachelor's degree	Student	SA-PM
RQF L6	Bachelor's degree	Associate	AA-PM
RQF L7	Postgraduate or Master's degree	Member	MA-PM
RQF L8	Doctorate	Fellow	FA-PM

We are working hard to gain accreditation up to Level 7 for our courses to give them maximum credibility in the industry.

We would love to partner with organisations that support the RQF as part of an apprenticeship scheme or graduate recruitment programme.
