* See glossary for definition.

Age (months)	Reach-Release	Manipulate	Grasp	Cubes	Self-Help	Head-Body	Sit	Stand	Roll-Crawl-Walk	Age (months)
1	<p>frequent random motion: sees toy — arms activate</p> 	<p>grasp reflex</p> 	<p>often fisted, thumb in</p> 		<p>random hand to mouth</p> 	<p>lifts to turn head just enough to clear chin</p> 	<p>can't sit — if held, back is rounded, head falls forward</p> 	<p>  crawling motions, leg thrusts when held upright with feet on surface, makes stepping motions </p>	1	
2	<p>involuntary drops of objects</p> 		<p>swipes when fisted with thumbs out, hands more open</p> 	<p>deliberate control, can't pick up</p> 	<p>hand regard</p> 	<p>head up in prone</p> 	<p>sits with full support</p> 	<p>rolls side to back</p> 	2	
3	<p>reaches + holds a dangling ring</p> 	<p>brings hands together</p> 	<p>holds rattle momentarily if placed in hand</p> 	<p>reaches and picks up toy or cube</p> 	<p>hand regard</p> 	<p>props on forearms, head, legs when pulled to sit</p> 	<p>  sits with some support </p>	<p>bears weight on feet</p> 	<p>roll back to side</p> 	3
4	<p>hands to knees</p> 		<p>ulnar palmer grasp, radial palmer grasp*</p> 	<p>holds two cubes, one cube in each hand</p> 	<p>occure hand to mouth</p> 	<p>holds head up, balanced, no head lag when pulled to sit</p> 	<p>  sits with some support </p>	<p>bears weight on feet</p> 	<p>roll back to side</p> 	4
5	<p>bilateral reach*</p> 	<p>bongs in play</p> 	<p>rakes with fingers</p> 	<p>holds two cubes, one cube in each hand</p> 	<p>brings bottle to mouth</p> 	<p>raises arms to be picked up, pivots* in prone</p> 	<p>  sits alone 30 seconds </p>	<p>bounces when held</p> 	<p>rolls back to tummy, rolls over and over, propped self forward/back</p> 	5
6	<p>feet to mouth, unilateral reach,* drops toys and looks</p> 	<p>moultis toys, rotates wrist, rings bell</p> 	<p>radial palmer grasp, scoops small objects*</p> 	<p>brings cube on table</p> 	<p>finger-feeding emerging</p> 	<p>raises arms to be picked up, pivots* in prone</p> 	<p>  sits alone 30 seconds </p>	<p>bounces when held</p> 	<p>rolls over and over, propped self forward/back</p> 	6
7	<p>simple give and take with help</p> 	<p>uncovers toy, bongs and strokes objects</p> 	<p>radial digital grasp*</p> 	<p>transfers cubes from hand to hand</p> 	<p>finger-feeding emerging</p> 	<p>reaches with one hand while in prone</p> 	<p>  sits alone steadily, uses trunk rotation when sitting </p>	<p>bears full weight on legs</p> 	<p>rolls over and over, propped self forward/back</p> 	7
8	<p>voluntary release</p> 	<p>pat-cocke, push, pull, throw objects</p> 	<p>lateral pinch*</p> 	<p>bongs two cubes together</p> 	<p>cooperates with dressing, finger- heads</p> 	<p>lifts head in supine,* assumes tall kneel in crib while holding on</p> 	<p>  protects to side with arms, gets to sitting position alone </p>	<p>pulls to stand by self</p> 	<p>  crawls* </p>	8

Age (months)	Reach-Release	Manipulate	Grasp	Cubes	Self-Help	Head-Body	Sit	Stand	Roll-Crawl-Walk	Age (months)
9	waves bye bye removes large peg	pushes toy on surface 1 hand holds toy, other manipulates	index finger isolation and probe	takes cube out of cup	opens drawers and cupboards	up on hands and knees	sits down deliberately	creeps *	takes one or two steps with hand held	9
10	accurate release	supinates + pronates arm *	grasp with extended wrist, pad to pad pinch	unwraps cube	drinks from cup	assumes half kneel	sits down deliberately	stands alone momentarily	takes steps with one hand held, cruises along furniture	10
11	removes circle from form board, reaches across midline	stacks rings on peg, turns cardboard pages, places peg in hole	points	puts cube in cup	removes loose socks from feet, takes off hat	imitates work with push toy	raises by self shifts weight while standing	takes 2 or 3 steps alone	climbs	11
12	gives toy	contacts crayon with paper	grasps two small objects in one hand	fills cup with cubes, tower of 3-4	holds arms and legs out for dressing	walks backwards, starts to run	stands alone comfortably	walks forward many steps	bends over, looks through legs	12
13	releases many objects into container	pulls pop-beads apart	scribbles spontaneously	holds 2 cubes in 1 hand	puts on hat, uses spoon	tries to stand on balance beam	stands alone momentarily	climbs stairs 1:2-1 with both hands supported	walks sideways	13
14	shows right or left preference	pounds hammer	places small peg in hole	lower of 4-8	turns knob/handle	carries toy while walking	stands alone momentarily	climbs stairs 1:2-1 with both hands supported	walks backwards, starts to run	14
15	throws ball, hand extended	places small peg in hole	lower of 4-8	lower of 4-8	takes off simple shirt + pants helps put toys away imitates teeth brushing	walks balance beam with hands held	stands alone momentarily	climbs stairs 1:2-1 with both hands supported	walks backwards, starts to run	15
16	throws ball, hand extended	places small peg in hole	lower of 4-8	lower of 4-8	takes off simple shirt + pants helps put toys away imitates teeth brushing	walks balance beam with hands held	stands alone momentarily	climbs stairs 1:2-1 with both hands supported	walks backwards, starts to run	16
17	throws ball, hand extended	places small peg in hole	lower of 4-8	lower of 4-8	takes off simple shirt + pants helps put toys away imitates teeth brushing	walks balance beam with hands held	stands alone momentarily	climbs stairs 1:2-1 with both hands supported	walks backwards, starts to run	17
18	throws ball, hand extended	places small peg in hole	lower of 4-8	lower of 4-8	takes off simple shirt + pants helps put toys away imitates teeth brushing	walks balance beam with hands held	stands alone momentarily	climbs stairs 1:2-1 with both hands supported	walks backwards, starts to run	18
