Jamaica	ETD	RL Country Liaison and Documentation team 8	Jamaican High Commission Consular Section 1-2 Prince Consort Road London SW7 2BZ	Jamaica has two different travel document processes, one for applications with expired original passports and one for applications that do not have these, as detailed below:  Applications with an original expired passport can be considered on paper by the Jamaican high commission and should include: • submission letter • four photographs of passport standard, cut to size (must be of the appropriate quality) • application form • Jamaica nationality enquiry form (not a bio-data form).  Applications without an original expired passport will require an interview. These applications should be referred directly to RL country team 8 via a referral pack. In addition to the items listed above, a Jamaican interview referral form is also required. Files, CID, landing cards and CRS should be searched extensively to ensure that any pieces of supporting evidence are included in the pack as this assists with the interview and increases the chance of a positive outcome.  <b>Fee £45</b>	A UK born child requires a separate form to be filled in.  The Jamaican high commission conducts face to face interviews for cases where there is not an expired original passport. Face to face interviews will be conducted at detention centres or prisons for detained cases. Interviews will be arranged for non-detained cases where possible at specific reporting centres.  Following the interview, the outcome will be provided to RL by the high commission within seven days. For further information on detained or non detained interview schemes please contact RL country team 8.  The high commission has expressed concern regarding the quality of the photographs that accompany many applications. Please ensure they are of the appropriate passport quality. Caution should be taken when photographs are printed from CID as they are more likely to be of low quality. Photographs must not be manipulated. If they are not of the appropriate standard you are risking the issuance of the required travel document and are also causing frustration to the consulate. RL will reject photographs not meeting the required standard.  The high commission requires the return of all expired passports that are in the possession of the Home Office at the time of removal. Colleagues should not hand these back to the applicant or send them to the airport. They should be sent to RL CLD team 8.	Two to four weeks.	Two to four weeks.	Three to six months.	Three weeks.
