Mould and Mycotoxins:

Infections, Allergy and other Pathologies

Saturday 13th June 2020

Cavendish Conference Centre London W1G 9DT

BSEM Scientific Conference

Mould allergy, mould infection and mycotoxins are an overlooked cause of chronic ill health: including COPD, ENT problems and CFS.

The immunological and toxicological mechanisms will be examined, together with the practical issues of diagnosis and management.

International, published experts confirmed:

Dr Joseph Brewer * Prof David Denning * Pol De Saedeleer
Dr Saija Hyvönen * Adjunct Prof Tamara Tuuminen
* Adjunct Prof Kirsi Vaali

6 CPD points applied for
