

VITHOULKAS COLLEGE OF CLASSICAL HOMEOPATHY
UK branch of IACH

Prof. Vithoukaskas' training in Classical Homeopathy

Learn with the most awarded living homeopath
Available in E-learning or livestream class

Diploma course 'IACH DiHom'

Welcome to the Vithoulikas College of Classical Homeopathy!

Embark on an exciting professional and personal journey, with the UK branch of the IACH, the long-established International Academy of Classical Homeopathy founded by Prof. Vithoulikas, most awarded living homeopath.

Our training program – available in 2 formats: livestream course or E-learning – is recognised by medical universities, health ministers and professional organisations worldwide.

We are proud to be an inclusive, international team of passionate high rank homeopaths working together to promote and raise the standards of homeopathic treatment, training, and research.

Our part-time livestream course can be taken at different entry levels and is addressed to both beginners and advanced homeopaths. It is largely based on videos of Prof. Vithoulikas' lectures and clinical cases which are presented by our teacher and widely discussed in the online class, so that students get first-hand information and share their experiences. This condensed course consists of 2 years of intensive training (3 day-block/month livestream course + scheduled group work), 1 year of clinical supervision and additional modules for newcomers. It offers unrivalled student support, a wide range of printable resources, online tools, and great opportunities for self-development. We ensure that every learner finds their way and gets a highly enjoyable learning experience. Today's prominent homeopaths have followed Prof. Vithoulikas' training in Classical Homeopathy.

It is recognised for bringing clarity, coherence, and a clear methodology to treat successfully and with confidence challenging cases and chronic conditions. Particular focus is set on clinical training: over 150 hours of filmed clinical cases are analysed, and theory, reactions to the remedy, and differential diagnosis widely discussed.

In this way, theory, Materia Medica, and methodology come alive and are fully integrated. After their supervision year, our students are well rounded and confident practitioners.

The course exclusive feature *The Continuum of Diseases & The Levels of Health*, is a groundbreaking insight into pathology and inflammatory process and offers the essential understanding, diagnostic and prognostic tools to treat today's patients successfully.

Enter our international alumni community, exchange with your peers, and stay in touch with our dedicated team to get the latest news, publications, and CPD webinars through our App.

Apply now and transform your career in healthcare with an advanced training that has no rival for excellence.

Why choosing Prof. Vithoukaskas' course

Learn from the most awarded living homeopath

- Right Livelihood Award (Alternative Nobel Prize), Homeopath of the Millennium in India, Gold Medal of the Hungarian Republic...
- Senior Associate Member of the Royal Society of Medicine in UK, Honorary Professor in 9 universities worldwide, and Doctor Honoris Causa in 2 universities.
- Guest speaker at the WHO, Council of Europe, and European Parliament

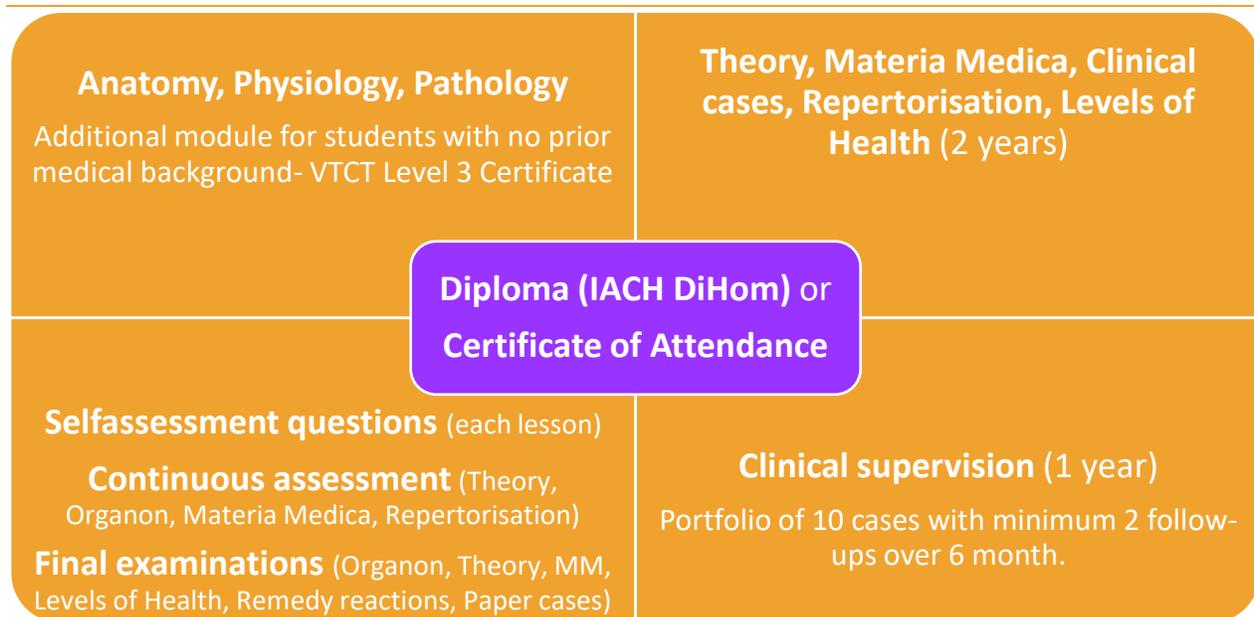

Unrivalled training recognised for its clarity, efficiency, and professionalism

- Accredited by 8 medical universities, health ministers and homeopathic associations worldwide
- CPD, live webinars & events with Prof. Vithoukaskas and our dedicated team of international speakers
- Free access to the latest medical research and publication through the IACH Research & Scientific Committee
- Wide range of IT tools and resources to suit different types of learning
- Individual support, group work, guided home-study
- Great opportunities for self-development

Enter a supportive & international alumni network

- lifelong membership to the UDIHOP, Union for Diplomate Homeopathic Physicians, which supports over 2.500 alumni around the world, scientific research, and works on improving the legal framework regarding homeopathy.
- Enter the IACH register
- Download the Vithoukaskas App to stay connected with your peers and the IACH community

Course structure at a glance

Curriculum overview

Anatomy, Physiology, Pathology course - optional

- Only required for students with no medical background. VTCT Level 3 Certificate - This course comprehensively covers Anatomy, Physiology and Pathology for all the body systems. 250+ medical conditions are presented (definition, possible causes, general signs and symptoms, conventional medical treatment, prognosis). All books and materials included.

Theory & Organon: 2 modules

To acquire a solid foundation and an in-depth understanding. Class discussions follow each new aspect explained in the lecture. Experiences are shared.

Law of similar - Nature of the vital force - Action of the remedy - Provings - Homeopathic aggravation - Reactions after the remedy - Appearance of proving symptoms during treatment - Miasms - Prescribing strategies and methodology - Definition of health - How to measure and evaluate health - Progression of diseases - Direction of cure - The Continuum of Diseases...

Materia Medica: 3 modules

150+ remedies with keynotes, essence of remedy, and differential diagnosis. Accurate materia medica with clearly differentiated remedies. Printable resources. Online Materia Medica + search engine

Repertorisation, expert discussions, selected topics and controversies: 1 module

Clear methodology. Training exercises. Smart features of the Vithoukaskas Compass Repertorisation Software. Expert discussions on key topics and controversies.

Potency and age - Choice of potency in skin eruptions - When to repeat a remedy - Aggravation in serious cases - Allopathic medicines during homeopathic treatment - Antidotes to remedies - Incurable diseases - Antidepressants - Personality disorders - Managing acute mental episodes...

Clinical cases: 3 modules

60+ cases with in-depth analysis, long follow-ups, prescribing strategies, and differential diagnosis.

Covers a large variety of conditions:

chronic fatigue - multiple sclerosis - panic attacks - sudden loss of memory - delayed development - juvenile diabetes - Pubertas praecox - epilepsy - enuresis - arthritis - depression - fibromyalgia - sciatica - vertigo - high blood pressure - chronic cough - Crohn's disease - migraines - suicidal disposition - ulcerative colitis - duodenal ulcer...

The Levels of Health: 1 module

An essential tool to enhance diagnosis and prognosis. Theory exemplified with numerous cases.

Clinical supervision and presentation of a 10 case-portfolio

10 cases with a minimum of 2 follow-ups over at least 6 months, presenting various conditions. A dedicated online platform with a detailed case taking template guides students step-by-step as they start working with patients. The instructor supports and reviews their work and help them reflect and enhance their knowledge and improve their clinical practice. This expert guidance in early clinical practice is a great opportunity for students to prove their clinical abilities and thus gain confidence.

Tools, Resources & Materials

Make the most of our free materials: easily accessible, downloadable, and printable, for optimum learning:

- extensive bibliography and detailed bibliographical references for each lesson
- student notes, remedy cards, guided study, self-assessment questions, repertorisation exercises
- search engine to search for books, sentences, or words
- 6 online Materia Medica (Allen, Boericke, Dunham, Farrington, Kent, Nash), selected for their clarity and undisputable information
- online Organon (6th edition)
- numerous additional online clinical cases
- online access to articles and research papers with search engine: studies on homeopathy at molecular, cellular, and clinical levels published in internationally recognised medical journals.

Certification & Benefits

IACH Diploma in Classical Homeopathy

Students who have passed all exams and successfully submitted their clinical case portfolio are awarded the IACH Diploma of Classical Homeopathy and can use the title 'IACH DiHom' after their names. They are also added to the IACH register.

Certificate of Attendance

Those who have followed all courses but not sit or have failed the exams will receive a Certificate of Attendance.

UDIHOPE Membership

Diplomates are also granted membership to the UDIHOPE, the Union for Diplomate Homeopathic Physicians, an international association that brings together all IACH diplomates.

Vithoukaskas App

Diplomates have access to the IACH's dedicated App, to connect with their peers worldwide and keep updated on the coming CPD, webinars, events, and the latest publications of the IACH Research & Scientific Committee.

Location – Fees – Discounts

- Livestream course: meet and interact live with your classmates and instructor, from the comfort of your home! Save time and money on travel and accommodation.
- The fees amount to £5,000 for beginners or advanced homeopaths and £6,000 for GPs, pharmacists, nurses and other medical professionals, plus £50 registration fees. Payable in 1, 4 or 8 instalments.
- Pay in 1 instalment and receive Prof. Vithoukaskas' books free of charge: *Science of Homeopathy*, *Levels of Health*, *New Model for Health and Disease*, *Homeopathy-Medicine for the new Millennium*.
- Get a student discount on the Vithoukaskas Compass professional repertorisation software.

What they are saying about the course

In my opinion, this course is **most excellent, fascinating and absorbing**, reflecting the quality of Prof Vithoukaskollege's teaching. I think I have learned more in two months than in two years before.

The **lively description of the remedies, cases, and theory** – coloured, lightened and made lively through anecdotes by the master. I am above all very grateful for the possibility to balance his virtual presence through the videos with the live courses.

I enjoy very much the video lectures of Prof Vithoukaskollege! They are of real help for me. He is a **marvellous teacher** and I feel that he **opens my mind, offering me very clear information**.

Today, millions of people try homeopathic treatment to cure their sufferings, with mixed results. It is because some of the practitioners lack the correct training. If anyone wants to become a true healer and learn this beautiful and complex science, there is a **complete training program in which the best homeopath in the world, Prof George Vithoukaskollege, will share his knowledge and his experience of over 50 years**.

I have studied homeopathy off and on over 14 years and I can say without hesitation that this course offered with the International Academy of Classical Homeopathy has been by far **the best thing I have ever invested my time and resource in!**

I am an allopathic doctor new to **homeopathy** and had no prior knowledge/experience prior to joining this course but was very eager to learn and eventually start my own outpatient practice. **I've been enjoying the training and the videos very much!**

I loved the training! I am a Hahnemannian homeopath practicing in Los Angeles for 17 years. I wanted to take the course so I could get a better understanding of the **Levels of Health**. I decided to do the full program because it would give me the best understanding of the level of health when taught along with theory and case management. I have thoroughly enjoyed it and am so glad I did! Now I say **"Wow... How can any homeopathy treat a patient without knowing this information!"**
