

Mental Elf

Corporate Sponsorship Opportunities

Mental health has never been at the forefront of people's minds more so than it is right now. Recently, many people have experienced a mental health condition for the first time or seen a loved one struggle with their mental health.

Your colleagues, customers, suppliers, the communities you serve, and want to reach, will all have a connection to mental health. Now is the time to show your company's commitment to improving mental health for everyone.

In choosing to support your local mental health charity, you are choosing to support a cause which has never been more universally relatable. You are investing in the mental health of local people. It's thanks to the hard work and generosity of companies like yours that we're able to continue the work we do.

Mental Elf is our flagship fundraising event attended by hundreds of people each year and is an excellent opportunity to raise your business profile whilst supporting Lancashire Mind's vital work.

Who are we and how we help

Lancashire Mind's vision is Mental Wellbeing for All

We're an independent charity, based in Chorley and working for the people of Lancashire. Our committed and energetic team of staff, trustees and volunteers are passionate about making a difference to the mental health of people living and working in Lancashire.

We aim to increase awareness and understanding of mental health and wellbeing across Lancashire. We work with all ages to help people build resilience and understand how to look after their mental health. We offer support to people who are facing barriers to achieving mental wellbeing and help people experiencing a mental health condition to get back on track.

CYP Projects Team; supporting children and young people to understand their mental health and build resilience

Community Development: working with communities to improve mental wellbeing and reduce discrimination

Tenancy Management: providing a stable home and supporting people to move towards independent living

Training & Workplaces; providing a range of interventions to increase knowledge and understanding of mental health

Wellbeing Coaching: supporting people to address barriers to mental wellbeing and develop self-care strategies
