

Future Stars

Setting your sights on university

If you're a care-experienced young person, or an adult in their life, you're invited to join this exciting programme of events to help you explore all aspects of going to university.

By taking part, young people in year 9-13 or college will have the opportunity to get FREE:

One-to-one support
Careers guidance
Extra tutoring in English and Maths
University taster days
Virtual summer school
Inspirational speakers and webinars

Get the information you need, and start setting your sights on university!

The Future Stars programme includes sessions for school staff, social workers and foster carers

**To find out more, join our online launch event
Tuesday 23 March 2021, 6.00-7.00pm**
