HELPING HOMELESS AND VULNERABLE PEOPLE SINCE 1860

Advice and Support

*for homeless people and those at risk
of homelessness in Tower Hamlets
and The City of London.*

Tackling the root causes of homelessness

www.providencerow.org.uk

We offer practical support and guidance around housing, money and health.

About Providence Row

For homeless people, or those at risk of homelessness, finding employment and housing opportunities can feel like an uphill battle, even more so if you're affected by physical, mental health or substance misuse issues.

Providence Row works with more than 1300 homeless and vulnerably housed people a year in East London offering an integrated service of crisis support, advice, recovery, learning and training programmes.

Our aim is to ensure that people who are often excluded from mainstream services get the support they need to create a safe and healthy life away from the streets.

Our Resource Centre

Our resource centre for rough sleepers and vulnerably housed people in Tower Hamlets and the City of London offers showers, a healthy breakfast, access to IT facilities and a place to charge your mobile phone. Once here, you will be assessed and, if appropriate, be allocated with a key worker.

Who do we work with

We work with people who have a local connection to Tower Hamlets or the City of London and are rough sleeping or in a dangerous or insecure housing arrangement.

The team also work with people who agree to return to their area of origin, within or outside the UK.

All clients must be over 16 years old and must not have children as part of their household.

What do we offer

We assess each client separately and will create a personalised plan.

We will then work with you to access the services you are entitled to, including housing, benefits and health.

We can also signpost you to other organisations who may be able to help.

Other services

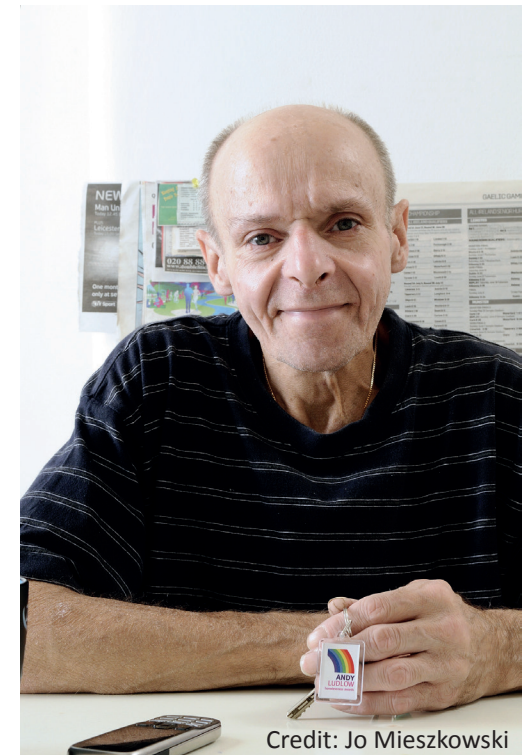

We also offer:

- ✓ Employment and training schemes.
- ✓ Onsite activities including art, english lessons, IT lessons and many others.
- ✓ Support with substance misuse and mental health problems.

“ When I was due to leave hospital my friend told the hospital that I was homeless. When Paulina came to visit me I was still quite poorly in my hospital bed. We worked together so I could get into temporary accommodation. There I had a comfortable base to start looking for somewhere permanent while recovering after my stay in hospital. ”

- Pat, formerly homeless hospital patient
