Environmentally friendly and sustainable, this wildlife oasis is home to many bee friendly plants, a bug hotel and composting and recycling units.

Our unique urban garden grows a large variety of fruits and vegetables from around the world, supplying fresh produce to our kitchen all year round.

"My mind opened up on that rooftop garden. I learnt all kinds of new skills and now I hold an OCN London Certificate in Sowing and Growing Plants, which is a pathway to employment. I have a new resilience that keeps me moving forward. Without the gardening training scheme I don't want to think about where I'd be today."
