

# Thoughts on Friendship part 2

Think about all your friends. Who have you known the longest? How long have you been friends? How and where did it begin? How old were you when you met? You have probably been through a lot together and have many shared memories.

## The Bible says

'God, you have examined me and you know me. You know everything I do; from far away you understand all my thoughts. You see me, whether I am working or resting; you know all my actions. Even before I speak you already know what I will say. You are all around me on every side; you protect me with your power.' Psalm 139

Christians agree with these verses and believe God is the perfect friend. What do you think?

## Do

Draw yourself or write your name in the middle of some paper. Draw or write your friends around you, grouping them by how you know each other.

## Game

Play People Snap! Choose a partner. Find something that's the same about you, e.g. physical features, character, clothing, interests. Snap!

## Idea

Some friendships can last for a very long time. You might still be friends with someone you've known since you were a baby, a toddler or from pre-school. Other friendships might be quite new but they could go on to last a long time. It doesn't matter how long it is if it's a good friendship. You probably know your friends from different places, activities and times in your life. You might share everything with them or just do one activity together. Our friends add richness to our lives.

## Pray

Thank you for old friendships and new friendships; for shared memories and new experiences.
