Youth Take Charge Challenge: Calling all Students!

The Manitoba Association for Rights and Liberties exists to inspire action for social justice, human rights and civil liberties in Manitoba through education and advocacy. We are dedicated to raising awareness, engaging with community members, and working together to make a difference.

We think it is so important to celebrate the amazing work of Manitoba students. Each year, teachers and students work to make the world better than we found it. We want to celebrate you! If you have completed a project that has focused on any of the following social issues, we want to hear about it!

- **Human Rights**
- **Sustainability**
- **Diversity and Inclusion**
- **Activism and Social Change**

Please complete the attached application and include an overview of your project (maximum 150 words) and any other media or photos to education@marl.mb.ca before June 30, 2022. Winners will be awarded \$250.00 to fund their action projects.
